Deadline for Official/Unofficial/Personal notices - Wednesday, 9 a.m.

OFFICIAL

FLAGS AT HALF STAFF: The flags of the United States flew at half staff on the Kennedy Space Center on July 6, 2004, in honor of Christopher Zettler, a Photographer/Videographer Specialist with Bionetics. Mr Zettler died on June 30 and his funeral was July 6.

CCAFS VEHICLE FUELING STATION: The CCAFS Vehicle Fueling Station will be closed from 8 p.m. Saturday to 8 a.m. Sunday on the third Saturday of every month to conduct environmental testing. Refer questions to Mr. Ed Carver, 45CES/CEV, 494-9272. (TA-G)

REPORTING EMERGENCIES: To report any emergency on KSC, whether it is fire, security, or medical related, (including possible hazardous commodity exposure); dial 9-1-1 or 867-7911 from a cell phone. For walk-in type first-aid treatment, the Occupational Health Facility is open Monday - Friday from 7 a.m. to 5 p.m., and the Launch Area Clinic is open Monday-Friday 7 a.m. to 3 p.m. Hours other than those, call 9-1-1 for emergencies and/or first aid type treatment. **After normal working hours, the non-emergency medical related assistance will be coordinated through the 9-1-1 operators.** (TA-G)

NPG 7120.5A PR CERTIFICATION: Effective March 26, 1999, NASA policy requires all Procurement Requests (PR's) to be accompanied by a certification stating either that the purchase request action **"is"** or **"is not"** in support of the programs and projects subject to the requirements of NASA Procedures and Guidelines (NPG) 7120.5A, NASA Program and Project Management Processes and Requirement. If the action is in support of a program or project that is subject to the NPG, the certification must then indicate whether: a) all NPG 7120.5A documentation is current and approved, or b) authority to release the solicitation without the required documentation has been granted. An acceptable certification format is located immediately under the internal KSC OP Procurement Home Page header at: **<http://www-op.ksc.nasa.gov/procurement/op.htm>**. PR's not accompanied by the required certification will not be processed in the Procurement Office until such certification is received. (OP-AM)

UNAUTHORIZED COMMITMENTS AND RATIFICATIONS: An unauthorized commitment is an agreement between the Government and a contractor that is not binding; solely, because the Government representative who made it lacked the authority to enter into that **UNAUTHORIZED** agreement on behalf of the Government. Ratification is the act of approving an unauthorized commitment by an official who has the authority to do so. Unauthorized commitments are strongly discouraged and can indicate serious employee misconduct. Individuals making unauthorized commitments may be subject to disciplinary action, and the issue may be referred to the Office of the Inspector General. Only Contracting Officers acting within the limits of their delegated authority are authorized to commit the Government. If you are unsure of your authority, before directing a contractor to take any action, call your project control office, or the Procurement Office at 867-7217, for assistance. (OP-AM)

PRINTING/COPYING PAPER USERS: The NASA HQ Code JT has set a goal for each center to reduce the annual use of paper stocks by 10 percent. Suggestions on how to accomplish this goal are printing on both sides of the paper; circulating, posting, and publishing memoranda and other information using email, bulletin boards, routing slips, newsletters; and distributing documents in electronic format via file servers or home pages to avoid making copies on office copiers. Your support in implementing these suggestions will help meet KSC's paper reduction goal. (IT-D1)

DISCRIMINATION COMPLAINTS: Whenever a KSC employee or applicant for employment believes they have been discriminated against, the employee **must contact an EEO Counselor within 45 calendar days** of the incident giving rise to the complaint. EEO Counselors are trained to inform you of your rights, answer your questions, and can do limited fact finding into your allegations. An informative Equal Employment Opportunity Program poster with counselor's identities and further complaint information is on all KSC Official Bulletin Boards. About Discrimination (Your Rights) is available on the Equal Opportunity Office website at **www.ksc.nasa.gov/nasa-only/eo/discrimination.html**. For further information, contact the KSC EO Program Office at 867-9165. (AJ)

VOLUNTARY LEAVE TRANSFER PROGRAM: The leave transfer program is one of the most popular benefits. To qualify for this program, an employee must establish the existence of a medical emergency (for self or family members) which is expected to result in a requirement for at least 3 days of leave without pay, after the use of existing annual and/or sick leave (earned, not advanced). Leave transfer requests must include documentation from a physician on the medical condition and an estimate of the employee's projected length of absence. If an employee wishes his/her participation in the program announced in the KSC Bulletin, or within his/her organization, he/she may include such a statement in the letter of request. Affected employees would normally initiate requests for a declaration of a medical emergency through supervisory channels; however, if they are unable to do so, their supervisor, family members, or co-workers may initiate the request. Employees wishing to donate leave may do so, subject to certain restrictions. Only earned annual (or restored) leave may be donated, and total donations of leave may not exceed one half of that which would be earned in the remainder of the current leave year. Employees wishing to donate leave are strongly encouraged to donate at least 8 hours at a time, since the effort involved in processing leave transfers is significant. Leave donor forms are available in the BA-B Office and in most Administrative Offices. Donations of leave should be sent directly to BA-B, Room 2507, Headquarters Building. Requests for leave transfer are treated as confidential, unless the employee states otherwise. The names of donors are anonymous and will not be released except as needed to process the donation. If you have questions about the program stop by the Personnel Office Operations Branch, HQ, Room 2507. (BA-B)

RETIREMENT: Individuals contemplating retirement should contact Kathleen Ellis at 867-2002 or Lisa Fowler at 867-1883, Retirement Counselors, Personnel Office Benefits Team, for an appointment at least 30 days prior to their projected retirement date. (BA-B)

NASA SCIENTIFIC AND TECHNICAL INFORMATION: The NASA STI Program Home Page on the World Wide Web is accessible at URL **<http://www.sti.nasa.gov>**. The NASA STI Program provides ready access to over three million aerospace and related citations. This service is run by the NASA Center for AeroSpace Information (CASI) for the lead NASA Center, Langley Research Center. (TA-E1)

OFFICIAL NASA/KSC U.S. MAIL: When sending official NASA/KSC U.S. Mail using NASA envelopes or mailing labels, the return address must contain the mailcode of the sender. Mail couriers will reject mail which does not contain a return address. (TA-E1)

CONTINUING PERIODIC KSC BULLETIN NOTICES: Organizations and/or individuals submitting KSC Bulletin notices to be run on a continuing periodic basis are reminded it is their responsibility to delete obsolete notices and/or update notices for changes to names, organizations, dates, regulation references, etc. (TA-E1)

KSC LOCATOR: Personnel at KSC are reminded, when submitting KSC Form 13-58 (Employee Locator Information) to KSC-Locator, to verify all information including the telephone directory information block. Monthly updates to the Locator printouts should be complete. This includes the "Telephone Directory" column. The letter "T" in this column indicates that the name appears in the telephone directory. Home phone numbers will not be printed in the telephone directory. (TA-E1)

BANK OF AMERICA GOVERNMENT TRAVEL CARD USERS: All NASA employees at Kennedy Space Center who have been issued a Bank of America Government Travel Card are reminded that the card and the account are to be used for official travel and travel related expenses while on TDY. Employees are expected to pay the balance in full each month. Delinquent charges or personal use of the card are cause for cancellation. If you have any questions, please call the KSC Bank of America Agency Program Coordinator at 867-2860. (TA-E1)

USE OF MULTICOLOR OFFSET PRINTING, COLOR COPIERS, AND COLOR PRINTERS: Managers and employees are reminded that all color printing/copying must be in accordance with NPG 1490.5A. The NPG states that offset printing in two or more colors is prohibited for work in which additional colors provide no demonstrable value, but are used primarily for decorative effect. The unnecessary use of color products costs the government additional money without additional benefit. The NASA Inspector General has reviewed various agency products and determined that color products have increased significantly. Managers at all centers are to ensure requests for multicolor printing and color copying are only made when the use of multiple colors adds demonstrable value, not just cosmetic appeal, to the product. For more information, contact the KSC Printing Management Officer, Ted Courson, 867-4256. (TA-E1)

KSC LIBRARY—REQUEST FOR LIBRARY CIRCULATION MATERIAL: KSC employees are required to submit KSC Form 16-19 to request library materials. A written, work-related justification and the signature of the organization's Library Materials Coordinator (LMC) are also required. The Library will not process and submit invoices for payment for materials personally ordered by employees directly from publishers or vendors. (TA-E1)

HEART ATTACKS: The Occupational Health Clinic wants to remind employees of the signs of a Heart Attack. All too often employees will have these symptoms at home and drive in to work to have them checked out at the OHF. Please call 911 and get checked right away, do not drive to the Space Center with these symptoms. Valuable time may be lost if you are having a heart attack. "Time is Heart" Some heart attacks are sudden and intense — the "movie heart attack," where no one doubts what's happening. But **most heart attacks start slowly, with mild pain or discomfort.** Often people affected aren't sure what's wrong and wait too long before getting help. Here are signs that can mean a heart attack is happening:

- **Chest discomfort.** Most heart attacks involve discomfort in the center of the chest that lasts more than a few minutes, or that goes away and comes back. It can feel like uncomfortable pressure, squeezing, fullness or pain.
- **Discomfort in other areas of the upper body.** Symptoms can include pain or discomfort in one or both arms, the back, neck, jaw or stomach.
- **Shortness of breath.** This feeling often comes along with chest discomfort. But it can occur before the chest discomfort.
- **Other signs:** These may include breaking out in a cold sweat, nausea or lightheadedness. If you or someone you're with has chest discomfort, especially with one or more of the other signs, don't wait longer than a few minutes (no more than 5) before calling for help. Call 9-1-1... Get to a hospital right away.

For questions or more information about cardiac events or heart disease prevention, please contact Kris Calderon, PhD, CHES at (321) 867-3414 or Kristine.Calderon@jbsc.nasa.gov (TA-E2)

KSC/CCAFS HEALTH EDUCATION & WELLNESS PROGRAM—CANCER PREVENTION JULY 2004: The month of July is dedicated to cancer prevention. Scientific evidence suggests that about one-third of the 563,700 cancer deaths in the United States that are expected to occur in 2004 will be related to improper nutrition, physical inactivity, being overweight or obese, and other modifiable lifestyle factors, and thus could have been prevented. Moreover, many of the more than 1 million skin cancers that are expected to be diagnosed in 2004 could have been prevented by protection from the sun's rays.

This month's information packet contains important information about cancer significance, common types of cancers, cancer preventive behaviors, and types of cancer screening tests. The packet is available at the following link:

<http://sgs.ksc.nasa.gov/sgs/sites/other/chs/omehs/occmed/home/occucontent/CancerPrev-July2004.htm>

Hardcopies of the packet will also be available at all medical and fitness facilities. If you or your department/organization would like to be added to the monthly packet hardcopy distribution list, please call Kris Calderon at 867-3414. (TA-C2)

CANCER EDUCATION TABLE: The monthly health education table will be set up at the ARF (launch area) on July 22nd from 11 AM to 1 PM where HEWP staff will distribute various cancer education materials. (TA-C2)

COLORECTAL CANCER SCREENING: Small amounts of blood in your stool, which can be detected with hemoccult slides, can be an indication of colorectal cancer. Hemoccult slides and instructions are available at all medical facilities during hours of operation. (TA-C2)

JULY'S CARDIOVASCULAR DISEASE (CVD) SCREENING SCHEDULE: No appointment is necessary. You must fast for 12 hours prior to screening (water only). If you take prescription medications, ask your doctor how to manage these medications during your fasting.

Wednesday July 14

7am-8am

OHF (Occupational Health Facility)

Thursday July 15

7am-8am

LAC (Launch Area Clinic)

The 2-page CVD questionnaire can be picked up at any medical facility. The questionnaire can also be downloaded from the SGS home page/forms: <http://ksbcoc-forms/KSCForms2/ref/KSC28-1010.itr>. This form can be filled out on-line and then printed (please be sure to print each page single-sided, on a sheet of paper). A PDF version is also available by accessing the SGS homepage: <http://ksbcoc-forms/KSCForms2/ref/KSC28-1010.itr>. This site will enable you to print the blank form only. If you have any questions, please call 867-3414. (TA-C2)

JULY'S VISION SCREENING SCHEDULE: No appointment is necessary. Visit the OHF during these times and ask for a vision screening.

WORKSITE LECTURES: Work-site lectures on any health subject and requests for health information or counseling are available upon request to Kris Calderon, phone: 867-3414, e-mail: Kristine.Calderon@jbosc.ksc.nasa.gov. (TA-C2)

****New** STRESS MANAGEMENT WORKSHOP:** Based on expressed interest, any employee group can request delivery (at any time of the year, during the workday) of a newly developed, interactive workshop designed to teach employees how to handle stress at their workplace and in their lives. The workshop can be condensed to 30 minutes or extended to more than an hour for optimizing coping and relaxation skills. Example of topics and skills covered in this workshop can include:

- Identifying stress triggers
- Learning about the body's response to stress
- Learning "Portable" relaxation techniques
- Stress perception

Kris Calderon, PhD, CHES, BCIAC, KSC/CCAFS Health Education Administrator will be offering this workshop. Kris is certified in biofeedback and has used relaxation training for stress management in her teaching, service, and research. If interested, please contact her at 867-3414 or e-mail at Kristine.Calderon@jbosc.ksc.nasa.gov for more information. The workshop can be delivered in any worksite setting. (TA-C2)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Force Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (TA-C2)

PHOTOGRAPHIC AND VIDEOGRAPHIC SUPPORT: Request for photographic and/or videographic support may be obtained by calling the Aerospace Imaging customer service desk at 867-4308 located in KSC Headquarters Building, Room 2340. Support is also available at the Cape, in Building 1605, at the pickup/drop-off service desk and can be obtained by calling 853-5765. For more information on the wide range of services available visit website: www.Aerospaceimaging.com. (PZ-J-C)

FLORIDA INSTITUTE OF TECHNOLOGY: Rated one of "America's Best National Universities" by U.S. News & World Report. FL Tech's School of Management offers the MBA, the MBA with concentration in Acquisition and Contract Management, MBA with concentration in Accounting Track, and the MS in Engineering Management. Contact Sharon Anderson sanderso@fit.edu for additional information. Applications are being accepted for Fall 2004 semester, which begins the week of August 23, 2004 for the School of Management located at Kennedy Space Center and Patrick Air Force Base. The School of Extended Graduate Studies offers the MS degree in Computer Information Systems, which does not require a GRE, thesis or comprehensive exam. Also offered are MS degrees in Computer Science, Software Engineering, Space Systems and Space Systems Management. In addition, Distance Learning course Propulsion Systems (3 credits) is now available. Evening classes are held at the School of Extended Graduate Studies located at the Kennedy Space Center, Patrick Air Force Base and Palm Bay. Apply now for Fall 2004. Contact **Claire Maliszewski** cmalisze@fit.edu additional information

EMBRY-RIDDLE AERONAUTICAL UNIVERSITY: Embry-Riddle Aeronautical University's Space Coast Center offers certificate, undergraduate, and graduate degree programs relating to the areas of safety, aerospace, and management. We offer five terms per year in a classroom setting and monthly on-line courses. We are planning a Master of Science in Technical Management (MSTM) cluster. To learn more about our programs, please call Jan Bridgham, (321) 783-5020, visit us at 1020 Central Ave, Suite G, PAFB, FL 32925, <mailto:space.coast.center@erau.edu> or click www.embryriddle.edu/spacecoast.

BREVARD COMMUNITY COLLEGE'S INSTITUTE FOR BUSINESS TRAINING & COMMUNITY EDUCATION: Brevard Community College's Institute for Business Training & Community Education has developed a menu of non-credit accelerated computer training classes especially with your needs in mind. The classes are specifically designed to assist you in day-to-day operations of various computer software packages and to equip you with the knowledge and skills for career enrichment and/or advancement. Courses include A+ Certification, Linux Red Hat, MCSE/MCSA, CCNA/CCNP, Website Development, DreamweaverMX, MS SQL DBA, E-Commerce, Network Security, TCP/IP, UNIX/Linux, Internet Safety/Security, XML Series, and more. Visit www.bcctraining.com for all of our course listings or call us at 433-7510 if you are interested in a customized course. You'll learn in a friendly environment that will leave you wanting more computer skills!

UNIVERSITY OF FLORIDA OEM PROGRAM: The Outreach Engineering Management Program (OEM) at the University of Florida is an engineering management Master's degree program featuring live instruction in a convenient format designed for working professionals. The degree program is a collaboration of UF's Colleges of Engineering and Business, and awards a Master's degree in engineering after 20 months of study. The next program begins in August 2004 with classes meeting in Cape Canaveral only one weekend per month (Saturday and Sunday). Applications are still being accepted for this year's program, but space is limited. A newly instituted concurrent degree option makes also getting an MBA degree possible with only 12 more months of coursework. For more information, visit the OEM website (<http://www.ise.ufl.edu/oemp>) or contact the OEM program office (1-800- 321-0199; engrman@ise.ufl.edu).

UNIVERSITY OF FLORIDA - FEEDS ON-LINE: (<http://oeep.eng.ufl.edu>). Engineers, computer professionals, scientists, and technical managers: update your core engineering knowledge, remain abreast of emerging technologies, acquire new skills in related engineering areas, and prepare yourself for increased responsibility through the Florida Engineering Education Delivery System (FEEDS) program at the University of Florida. The College of Engineering's (COE) nationally ranked graduate degree programs offer an extensive menu of credit courses through the FEEDS; the courses may be used towards the completion of a graduate degree, certificate program, or for professional development. Earn an engineering Master's degree on-line at work or at home, while pursuing your career. All of the courses are available for on-line delivery via streaming video technology through the Internet. Here are the titles of just some of the leading edge courses that are being offered in Fall Semester 2004: Advanced Landfill Design, Software Engineering, Bipolar Analog IC Design, Noise in Linear Systems, Environmental Policy, Model Supply Chain Management, Materials Thermodynamics, Principles of Fracture Mechanics, Fundamentals of Production Engineering, and many more. Registration is open now through September 3, 2004; you are encouraged to pre-register early in order to create course demand.

UNIVERSITY OF MIAMI: Get the UM Advantage: Enroll in the 2004 M.S. Management of Technology Program (MSMOT). Applications are being accepted for the summer 2004 semester. Courses are held Friday evenings and Saturdays to accommodate working professionals. Earn a Master's degree from UM that can be completed in less than two years on a part-time basis.. For more information and to receive an application/brochure, please call Mr. Augusto Roca, Program Administrator at 1-305-284-4100 or send email to augusto@miami.edu <<mailto:augusto@miami.edu>>. "My pursuit of the Management of Technology degree has provided IBM the resources, intellectual capital and framework that have established our company and customers to become leaders in the market. The education that the University of Miami provided has an incredible impact for IBM and myself professionally. Together, we have developed some of the leading approaches and solutions seen today on a global and international scale. The University of Miami Industrial Engineering Department provides a flexible, intellectually robust and valuable program that has allowed IBM employees to innovate and execute pragmatic technology solutions that make sense for businesses globally." (Ben Amaba, CPIM, IBM Global Solutions Executive; Software Group).

UNIVERSITY OF MIAMI: (Cape Canaveral Program) - CALLING ALL ENGINEERS. The University of Miami will begin accepting applications for the Master of Science in Industrial Engineering (MSIE). Applicants can start the program - fall (October) 2004. Courses are held Friday evenings and Saturdays to accommodate working professionals. For more information and to receive an application/brochure, please call Mr. Augusto Roca, Program Administrator at 1-305-284-4100 or send email to augusto@miami.edu.

WARNER SOUTHERN COLLEGE: You can finish your bachelor's degree while working full time. You can complete a bachelor's degree in Organizational Management in 12 - 20 months with 60 transferable semester hours. The program is designed for working adults that are at least 23 years of age. You can attend class one evening per week and one Saturday per month or you can take classes online. Warner Southern College is now accepting applications for the Spring 2004 and Summer 2004 terms. The application fee will be waived for all Kennedy Space Center employees. If you would like more information about Warner Southern, please call 800-309-9563 or visit us at www.warner.edu. Warner Southern College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; telephone number 404-679-4501) to award the Associate, Bachelor, and Master Degrees.

WEBSTER UNIVERSITY: Webster University will be starting another session of the Master of Arts Degree in Business and Organizational Security Management. If you are interested in pursuing this degree, send an email to Carol A. Marx at marxc@webster.edu with your name, address, and phone number or call at 449-4506. Anticipated course start is August 2004. Please pass this information along to a friend or co-worker who may also be interested.
